

THE BOOK

LONESOME DOVE

THE SERIES

My Alias Lonesome Dove, I have had since I started shooting Single Action over 22 years ago. It came about from the great book and series of Lonesome Dove. With Robert Duval & Tommy Lee Jones also many other great actors. This being my Favorite Movie of all time. Mister Skye said this is a great alias is for me.

My SASS Alias in U.S.A. is Lonesome Dove Runs with Wolves. I also have this registered in Australia. This came about for my love of Wolves and our Beautiful Dogs always owning Large Long Haired German Shepherds. So, very appropriate for me.
